## Buyer's Guide for Complete POS Systems

### How do Complete POS Systems Work?

POSGuys.com staff has tested and compiled complete retail and restaurant systems to take the guess work out of deciding your POS needs. With the complete POS systems, you can stop worrying about which individual parts you need for your system and get back to business. The complete POS systems are equipped with everything from monitors to software and offered in a different of versions for both restaurant and retail POS needs.

COMPLETE  
POS SYSTEMS

### What Kind of Complete POS System Do I Need?

POSGUYS.com has created four complete POS systems containing POS Hardware and POS Software for both restaurant and retail needs. The first step in deciding what complete POS system will work best for you, is choosing whether you need a system for the restaurant or retail business. Answer the questions and use the charts for both POS Restaurant and Retail Systems to determine your POS System needs.

### Complete Restaurant POS System

Once you've determined that a complete restaurant POS system is what you need, the next step is to determine which of the four POS systems that POSGUYS.com offers is right for you. Some questions to ask include:

- Do I need Dine-In or Fast-Food/Counter Service Capabilities?
- What kind of Point of Sale software do I need?
- Is size a factor in my overall system choice?
- Is noise a factor in my printer choice?
- Are features such as Integrated Graphics and Audio needed?
